QLED TV

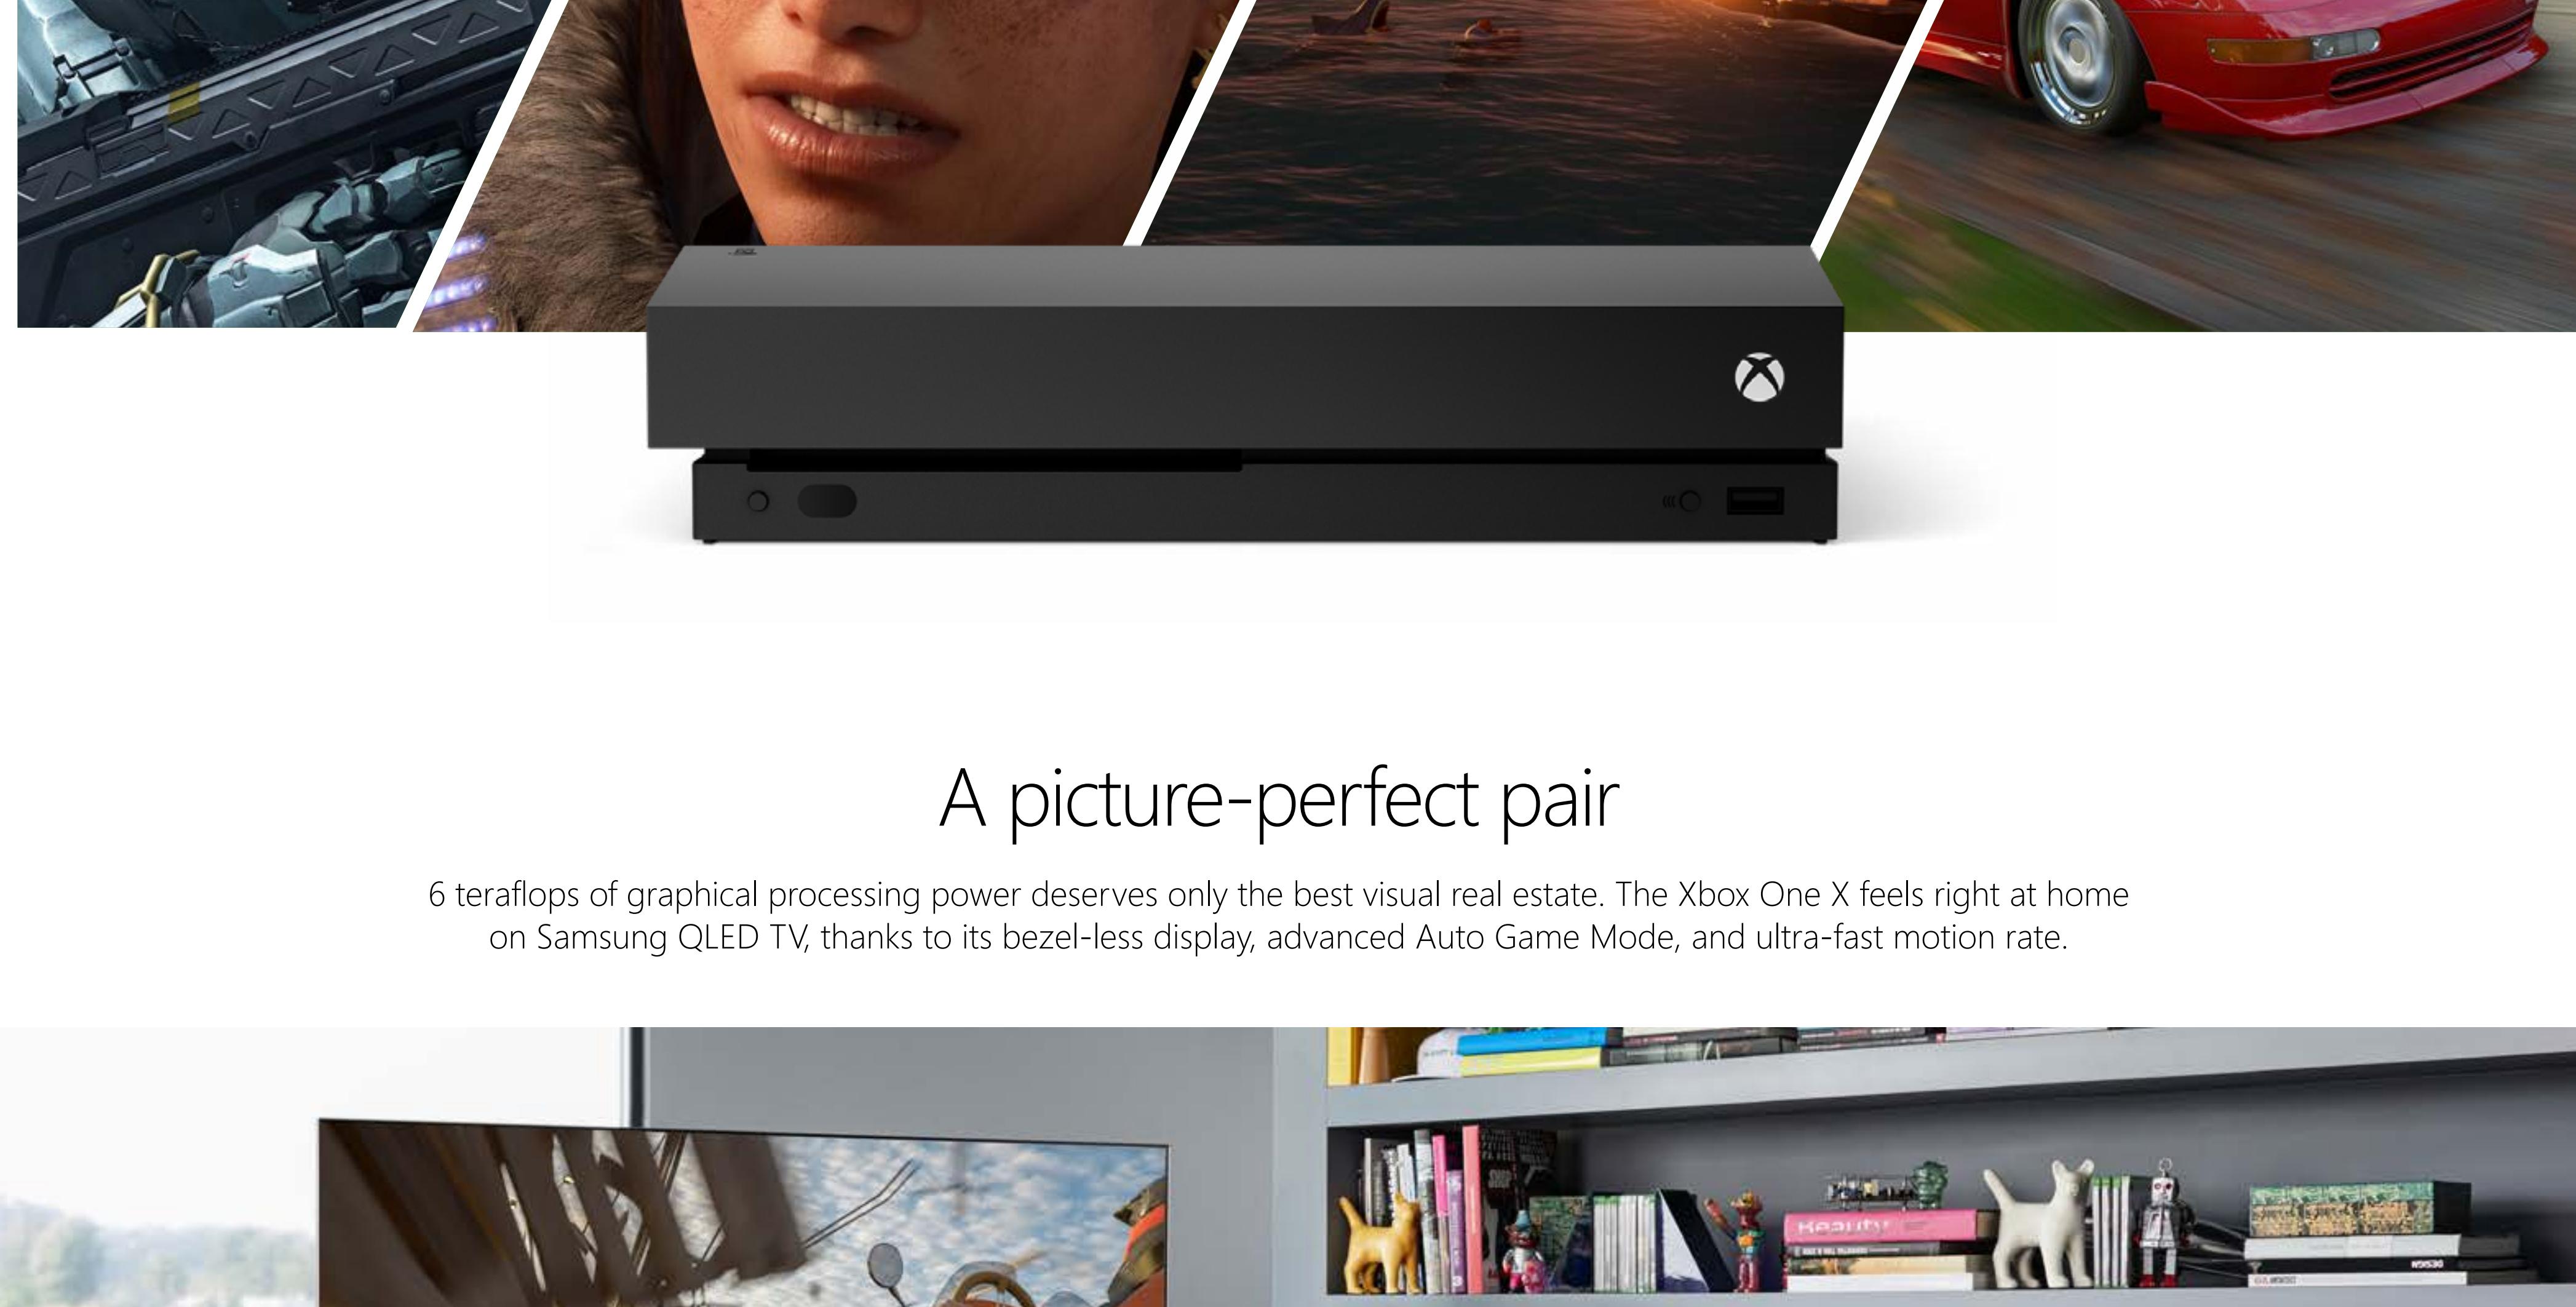

An Unbeatable Combination

Together, Xbox and Samsung deliver a true 4K HDR gaming experience.

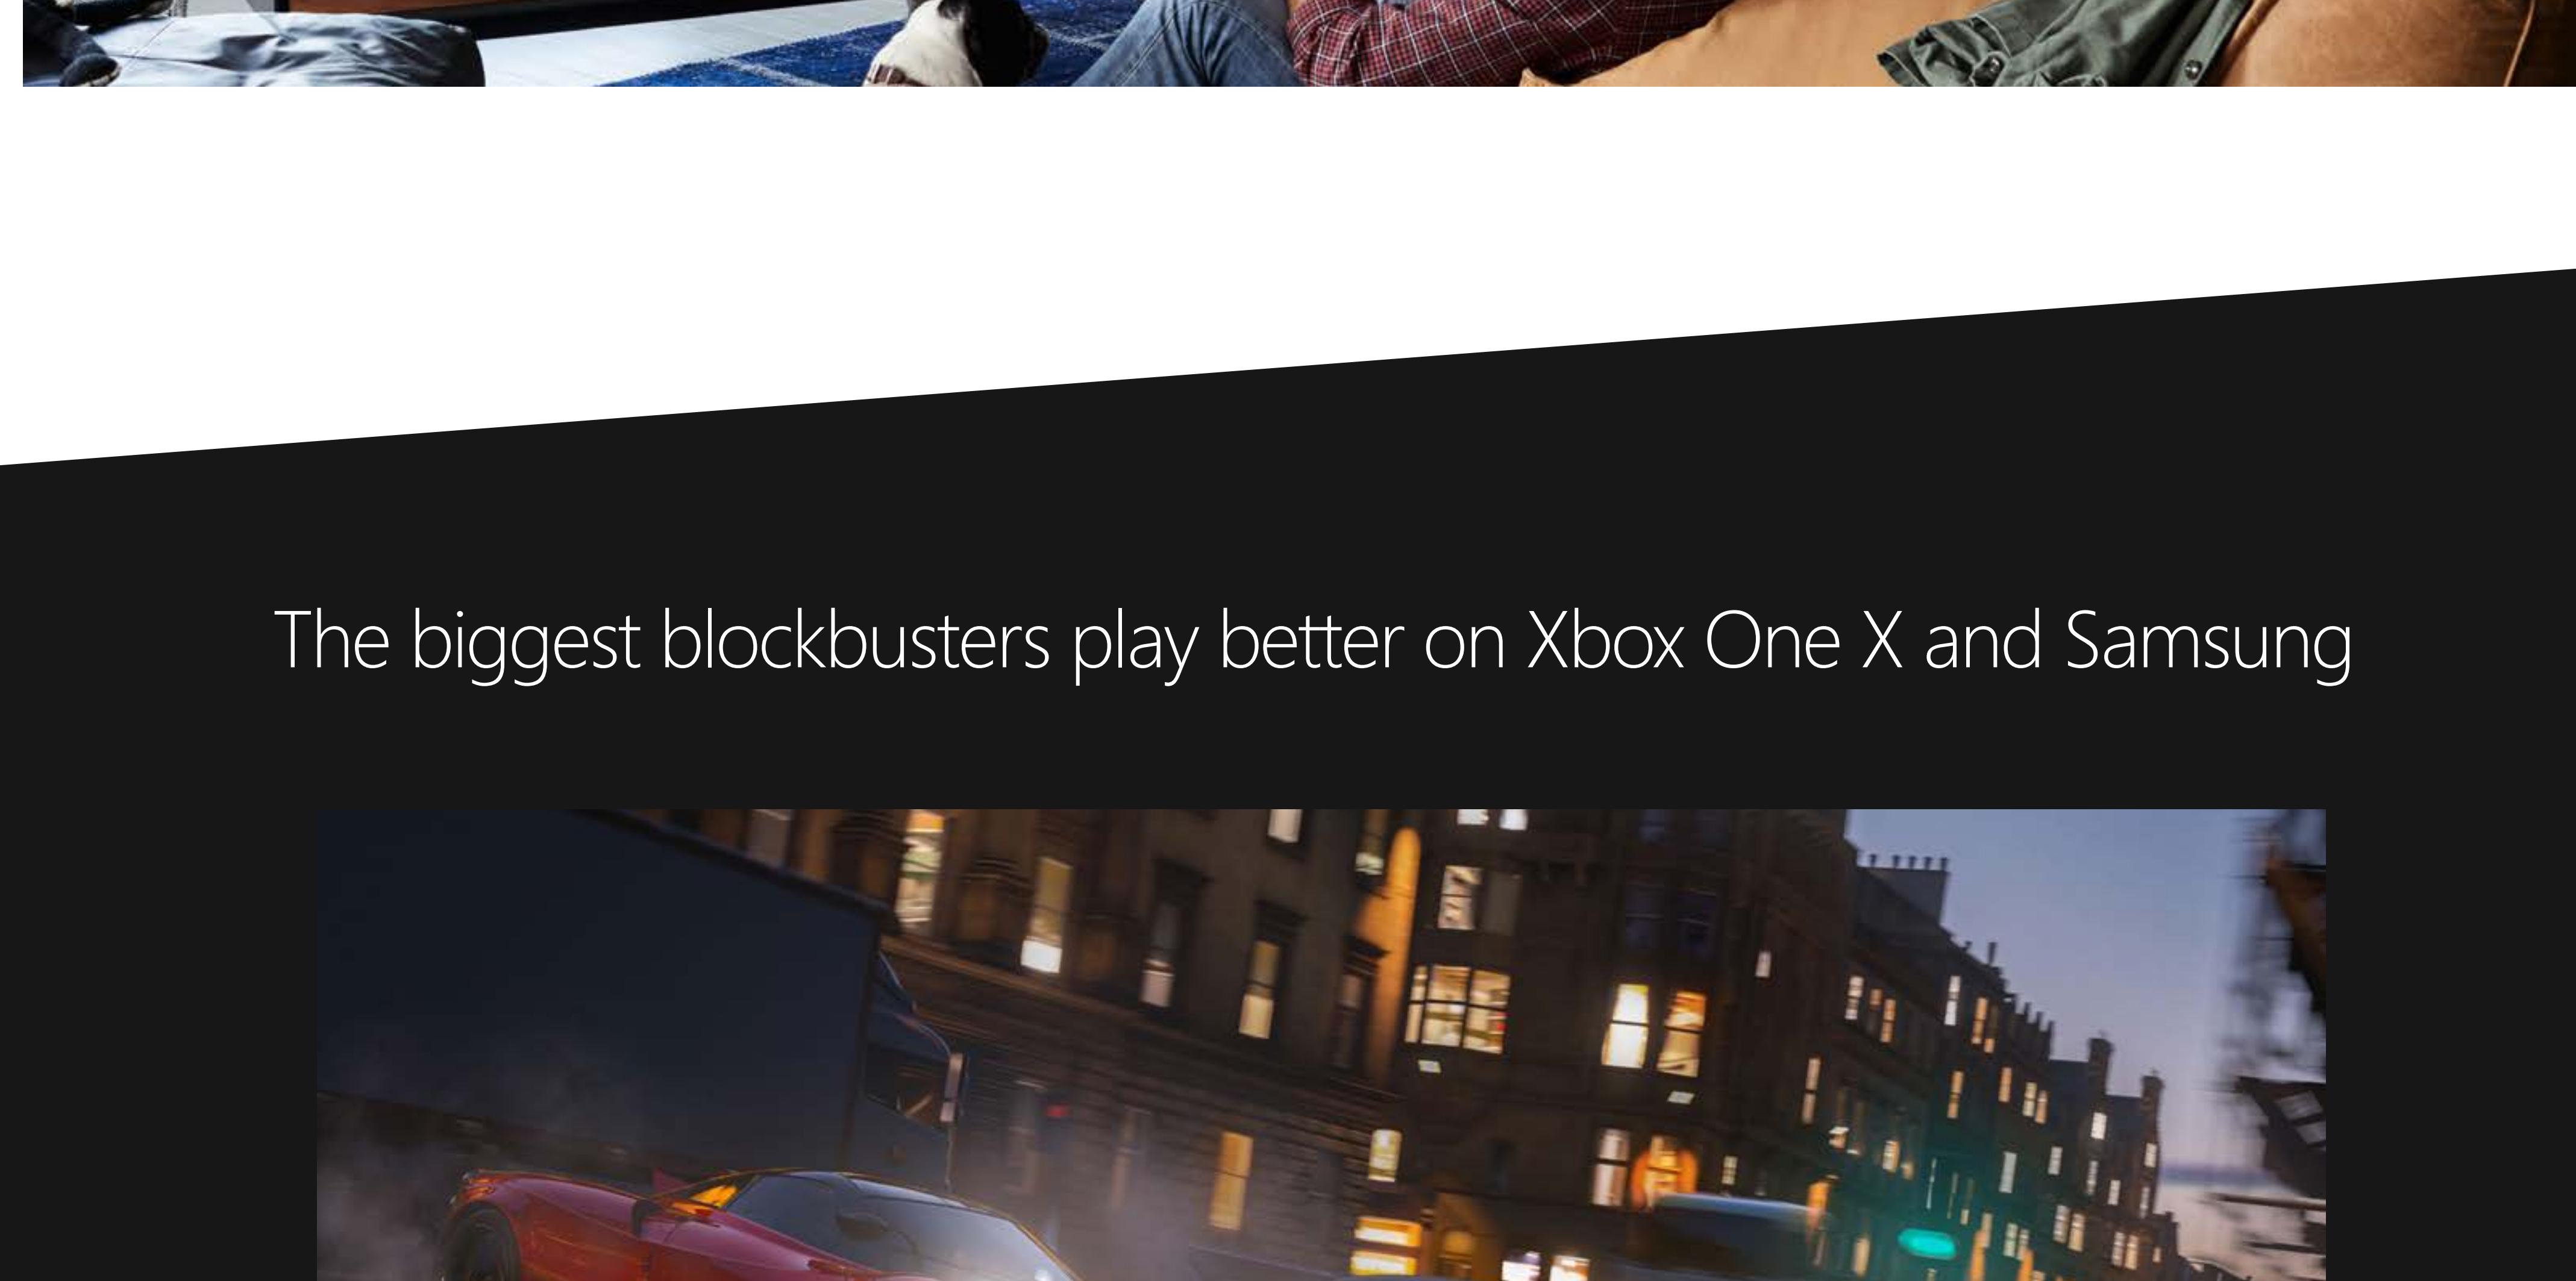

Witness unbelievable visuals

With 40% more power than any other console, games play better on Xbox One X. Pair it with a Samsung QLED TV—capable of more than a billion shades and 100% colour volume—for unrivalled gaming detail.

A picture-perfect pair

6 teraflops of graphical processing power deserves only the best visual real estate. The Xbox One X feels right at home on Samsung QLED TV, thanks to its bezel-less display, advanced Auto Game Mode, and ultra-fast motion rate.
